Dear Applicant:

Accounting Period Ending: June 30  
Form 990 Received: 8/18/75  
Return Being Processed: June 30, 1977

Based on the information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(2) of the Internal Revenue Code.

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 501(c) of the Code. However, we have determined that you are potentially to be treated as a publicly supported organization of the type described in sections 509(a)(2) and 509(b)(1)(A)(v).

Accordingly, you will be treated as a publicly supported organization, and not as a private foundation, during an advance ruling period. This advance ruling period begins on the date of your inception and ends on the date shown above.

Within 90 days after the end of your advance ruling period, you must submit to us information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization as long as you continue to meet the requirements of the applicable support test. If, however, you do not meet the public support requirements during the advance ruling period, you will be classified as a private foundation for future periods. Also, in the event you are classified as a private foundation, you will be treated as a private foundation from the date of your inception for purposes of sections 501(c) and 4940.

Donors and donors may rely on the determination that you are not a private foundation until 90 days after the end of your advance ruling period. In addition, if you submit the required information
